# IRISH ROSES

We take pleasure in offering a select list of Roses, heavy plants, which will easily pay for themselves in bloom the first year. **Why not have the best, since a good plant requires no more space or care than a poor one (except to pick the extra blooms)?** A Rose garden cannot be made of weeds. Of thousands of varieties, not more than one hundred are worth growing in any given locality, unless one has a very large Rose garden. Some

LADY GAY, AN IMPROVED DOROTHY PERKINS

varieties do well in one section, some in another.

When we say we have only first-class varieties and first-class plants of all colors of Roses, including several of the best yellow sorts, we are prepared to back up our statements; and, as the Rose has long been acknowledged the "queen of flowers," and has held its place as such among nearly all flower lovers, we have spared no pains to provide our customers with heavy two-year-old plants, which will produce grand blooms the first season. We offer several thousand plants, grown by Dickson & Sons, of Ireland, including Killarney, Mildred Grant, Bessie Brown, Frau Karl Druschki, etc.

That we have succeeded in pleasing the public may be seen from the increased demand and the many letters of commendation from our customers.

## Buyers Please Bear in Mind

These prices are not for home-grown or Holland stock. **Irish Roses** are as much superior to ordinary stock as superior soil and climate and 50 years' training in Rose-growing can produce. To produce such stock, strong one-year plants are set in spring and grown two years in the field; quite different from plants started in the greenhouse in winter, planted out in spring and sold the following spring for two-year-old plants. The fact that we send these **Irish Roses** to nearly all the large estates at **Lenox and Newport**, where the gardeners are known to be as well up in their profession as any in the country, is proof positive of the quality of our stock. One of many enthusiasts writes:

## Prices of Roses, Spring of 1908

All Roses offered in our General Catalogue, including Climbers, Rugosas, Sweetbriars, Hybrid Perpetuals, Hybrid Teas, etc., not named on next page, will be furnished at **35 cts. each, \$3.50 per doz., \$25 per 100.**

On all Roses prices are: 6 at dozen rates, 50 at 100 rates, provided not less than three of a kind are ordered. No charges for boxes or packing.

North American Loan and Trust Company, Huron, South Dakota, Feb 22, 1906.

S. G. Harris, Esq., Tarrytown, N. Y.

The Roses had of you last spring were a fine lot. They were the most satisfactory I have ever received. And one of the best points is that I feel that I have my Roses true to name.

We cut Roses every day from June 20 until after the first frost in Nov.; from one plant of Killarney we cut 19 blooms. Far northerners, like myself, should not plant any but field-grown stock that is well matured and dormant when planted. I have had experience with other stocks, and have not a single Rose alive out of perhaps a hundred, and have always bought what they call their two- and three-year-old Roses.

I should be pleased to receive your General Catalogue. I have a small space in which to add to my 200 plants. Very truly,  
Jas. McD. Campbell.

There were reasons for their strong recommendation.

FIRST. The plants were grown by Rose-growers of over fifty years' experience, in the north of Ireland, where soil and climate conspire to produce plants of great vigor, strong roots and well-ripened wood.

SECOND. The plants were very low-budded, so that in planting the bud or graft is easily placed 2 or 3 inches below the surface of the ground (as it should be) without the necessity of too deep planting of the roots.

THIRD. The plants are kept perfectly dormant from the time they are dug until they reach our customers. On arrival late in November, we place them in deep trenches and cover with earth until shipping time. By this method there is no drying of the roots, as there is where stored in buildings.

FOURTH. Our method of packing insures arrival in perfect condition.

**An Invitation.** IRIS, ROSE and PEONY EXHIBIT. While visitors are always welcome to our Nurseries, yet a special invitation is extended to the public to visit us in June. If those interested will write us we shall be pleased to name the best dates as soon as the season shows itself to be normal or otherwise.

The Nursery is located on the State road, half way between East View, on the Putnam Branch, and Hawthorne, on the Harlem Branch of the N. Y. C. R. R., 1 1/4 miles from each station. Carriages meet all trains at Hawthorne, fare 25 cents.

## A CARLOAD OF EVERGREENS

Mr. S. G. Harris, Tarrytown, N. Y.

Edgewood, Millbrook, Dutchess Co., N. Y., June 8, 1907

I have delayed writing you until I could give you a full report as to the carload of trees. They arrived the day after being shipped and were all planted within 36 hours, \* \* \* and I think we shall have great success with them. I am greatly pleased with the quality of the trees you sent and the careful way in which they were packed, and thank you for your attention to the matter, your visit up here and the sketch which you sent, and which I found very useful.  
H. Harkness Flagler.

All varieties not named on this page, 35 cts. each, \$3.50 per doz., \$25 per 100.

## New Roses, 75 cents each

**Climbing Frau Karl Druschki.** Pure white and a very vigorous grower. Without doubt will prove to be the best white climber.

**Countess of Gosford.** Salmon, pink-rose and pink intermingled; base of petals suffused saffron-yellow, and the whole bloom shaded salmon. Color never fades. The blooms are of perfect form, large, full, very long and pointed; petals large and of great substance; very floriferous.

**Peggy.** See General Catalogue, page 6.

**Countess of Derby.** See General Catalogue, page 4.

## New Roses, \$1 each

**Betty.** Color ruddy gold (a coppery Rose over-spread with golden yellow). Its blooms are extremely large, fairly full and of a glorious form; petals often 4 inches long, and is never out of bloom from June until cut off by frost. Its growth is extremely vigorous, erect and of very free-branching habit.

**Evangeline.** White, with the tips of the petals carmine-pink; large, coppery foliage; a most vigorous grower and perfectly hardy. Flowers borne in large clusters; a very beautiful and charming variety.

**Mrs. Peter Blair.** A decorative Rose of exceptional merit, though occasionally it will produce exhibition blooms. It is of robust habit, with large spines and lovely foliage. The flowers are lemon with golden yellow center, produced continuously throughout the season. Deliciously perfumed.

**Wm. Shean.** A glorious Rose of unquestionable merit, having immense size, perfect form and substance. Color the purest pink. One of the largest Roses yet distributed.

Roses at 60 cts. each, \$6 per dozen

**Alice Grahame**      **Cherry-Ripe**      **Dean Hole**

Roses at 50c. each, \$5 per doz., \$35 per 100

**Etoile de France**      **Hugh Dickson**  
**Rosa Spinosissima**      **Richmond**  
**Souv. de Pierre Notting**

**Joseph Hill (H.T.).** Pink, salmon-shaded, outside of petals pink-copper. Blooms very large, full and of perfect form; a superb variety.

**Soleil d'Or.** See General Catalogue, page 6.

Roses at 40c. each, \$4 per doz., \$30 per 100

## FRAU KARL DRUSCHKI

For this reason we sold, last year, more of this Rose than any four of the best varieties. That every purchaser may have plenty of this variety, we have made

the price that of the oldest and most common varieties:

**35 cts. each, \$3.50 per doz., \$25 per 100**

As may be seen from the cut, page 5 of our General Catalogue, the petals are very thick and heavy. It has every desirable quality, great substance, immense in size, very vigorous in growth and masses of bloom.

## STANDARD ROSES

We offer a grand collection of Rose Trees on both Rugosa and Canina stock in the best varieties of Hybrid Teas and Hybrid Perpetuals. XX size, 3 to 5 plants, \$1.25 each; 6 or more plants, \$1 each. X size, 3 to 5 plants, \$1 each; 6 or more, 75 cts. each.

### Hybrid Teas

**Antoine Rivoire.** \$1.50.

**Belle Siebrecht**

**Caroline Testout**

**Dean Hole.** \$1.50.

**Gruss an Teplitz**

**Kaiserin Aug. Victoria**

**Killarney.** \$1.50.

**La France**

**Lady Mary Fitzwilliams**

**Maman Cochet**

### Hybrid Perpetuals

**Baroness Rothschild**

**Ben Cant**

**Clio**

**Franchois Michelon**

**Frau Karl Druschki**

**Marie Baumann**

**Mrs. Crawford**

**Mrs. John Laing**

**Paul Neyron**

We also have a splendid stock of Standard Crimson Rambler, Baby Rambler and Dorothy Perkins on Rugosa stock at the following prices, namely: **Crimson Rambler**, 2-yr., 75 cts.; 3-yr., \$2; 4-yr., \$3. **Dorothy Perkins**, 2-yr., \$1.50; 3-yr., \$2.50. **Baby Rambler**, 2-yr., \$1; 3-yr., \$1.50.

## NEW DWARF BABY RAMBLERS

**Crimson.** 2-yr., very heavy, 35 cts. each, \$3.50 per doz., \$25 per 100. 3-yr., very heavy, 50 cts. each, \$5 per doz., \$35 per 100. Last spring we furnished a customer 200 Baby Ramblers who writes, October 12, ordering 200 more and also asks us to book an order for 100 for his friend who saw his plants blooming in autumn at his home, in Maryland.

**Pink Baby Rambler (Annie Mueller).** Color a brilliant pink, changing to pure pink. The flowers are very persistent, lasting a long time on the plant and slightly fragrant. Of free growth. Price, 40 cts. each, \$4 per doz.

**White Baby Rambler (Catharine Zeimet).** This is surely a beauty and a great addition to the Baby Ramblers. It grows to a height of 20 inches and produces double pure white flowers in abundance. It has a fragrance similar to hyacinths. Of free, compact growth and very attractive. Price, 40c. ea., \$4 per doz.

## ROSA RUGOSA RUBRA

Having a fine stock of this most excellent Rose for shrub effect and for hedge, we offer plants at the following low rates, namely: 2-yr., 25 cts. each, \$2.50 per doz., \$15 per 100; 3-yr., 40 cts. each, \$4 per doz.

## CLIMBING ROSES

We would call special attention to our list of Climbing Roses which is not duplicated by any dealer in the country. The list is not only a very large one, including at the low price of 40 cts. each, \$4 per doz., such popular varieties as Kaiserin Augusta Victoria, Ards Pillar, Carmine Pillar, Dorothy Perkins and Wedding Bells, but also the following new climbers: **Evangeline**, **Trier**, **Lady Gray** and **Frau Karl Druschki**. Of the older varieties of Climbing Roses, including Dorothy Perkins, **Crimson Rambler**, **Setigera** and others, we have a fine stock of 3-yr. plants at 50c. ea., \$5 per doz.

## SPECIAL OFFER FOR \$15.

Grahame, Cherry-Ripe, Dean Hole, Climbing Frau Karl Druschki, Lady Gay, Etoile de France, Hugh Dickson, Richmond and any 25 others listed at 35 cts., 40 cts. or 50 cts. each, including 3-yr. old climbers. Buyers may choose these 25 from one or several varieties. This includes no old or cheap varieties.

One each of the following new Roses, namely: Betty, Countess of Gosford, Countess of Derby, Peggy, Alice Druschki, Lady Gay, Etoile de France, Hugh Dickson, 50 cts. each, including 3-yr. old climbers. Buyers may

## HARDY PERENNIALS

**A Word About Prices.** We offer hundreds of the best varieties of Hardy Perennials, including Asters, Chrysanthemums, Columbines, Ferns, Hollyhocks, Larkspurs, Lilies, etc., at 15 cts. each, \$1.50 per doz., \$10 per 100. Only the few varieties named below differing from this price.

We have greatly increased our facilities for supplying the old-fashioned flowers, including improved new hybrids and many varieties especially adapted to the Alpine and rock-garden.

Prices of all hardy perennials listed in our catalogue, not named on this page, will be furnished at 15 cts. each, \$1.50 per doz., \$10 per 100

Six at dozen rates, fifty at hundred rates, provided not less than three of a kind are ordered. No charge for boxing and packing orders amounting to \$5 or more.

## EVERGREENS

All our Evergreens have been transplanted several times, so that they have developed ample fibrous roots to transfer in safety from our grounds to yours. We take great care, also, to burlap the roots in a large ball of earth. Among many species we offer are some of the cheaper sorts for screens and hedges; also, choice specimens of the more rare and beautiful **Colorado Blue Spruce**, **Oriental Spruce**, **Nordmann's Fir**, **White Pine**, **Mugho Pine**, **Swiss Stone Pine**, **Japanese Umbrella Pine**, **Arborvitæ**, **Hemlock**, **Netinosporas**, **Junipers**, etc.

We invite correspondence with those desiring to plant Evergreens, and offer information as to proper time and method of handling the different species. **Special estimates for large numbers.** See General Catalogue.
